

A GOOD AND HEALTHY LIFE IN TERRACINA – the genuine Italian seaside resort!

TERRACINA IS A PORT with nearly 40.000 inhabitants (residents whole year) and is situated in the region Lazio. You can here take a hundred percent part of Italy and enjoy the possibility to recreation at the Mediterranean. You can also move fast, from being under the parasol at the beach, to watch a throbbing life in the town. And at the same time then maybe also take part of some history in this centre part.

IN THE PERIPHERY OF TERRACINA YOU FIND HOTEL PENSIONE CASA YVORIO, our place when visiting. This hotel opened up the first time in 1967. From that time and up to today's running, many things have changed of course and so even on the hotel building. But, however, the special Italian atmosphere lives in the same way as always! And still, genuine hotels are favorite "homes" for the Italian people on holidays, but nowadays also for visitors from other European countries. Terracina is well situated, only ca 10 km south-east from Rome.

THIS SPECIAL IDYLIC HOTEL IS OWNED BY A FAMILY and keep as a first rule to really take care of the guests. La signora has the kitchen as her special territory and the meals are simply said just exquisite! And likewise the wines are the very best. The son – today the manager – runs the hotel with great care.

FAMILY BANDS IN GENERAL ARE IMPORTANT HERE. You cannot avoid be aware of that. And there are a generosity and hospitality. Here the people have found out to do what is best for one day, or even what is best for the moment. Together with food and climate it all ends up in a natural good culture.

TO STAY IN TERRACINA and Casa Yvorio, it is the same as having many choices. With only 50 metres to the beach, more than one visit there per day can be done. You can choose among different offers along the seafront including a private beach alternative belonging to the hotel. Possibilities to take part of social talks at these open-air bars are given by any of them. Furthermore guided tours can be offered, to learn about the area. It is not free of cost, but can be highly recommended. Worth to be mentioned is to go by train. This way is not very expensive, if finding a trip to Rome or Napoli interesting for a day. And if going to Napoli, why not take the chance to visit Capri at the same time? For the route, a catamaran is to be used!

TERRACINA IS WELL SITUATED, THAT IS A FACT. But only to take a slow walk along the seafront is really an alternative to relax! And when it feels as to continue the walk, then in our case we can reach the centre after ca 5 km. Perhaps a meeting with friends, known from earlier vacations, on a bar can be arranged and the Italian language can be refreshed!

AFTER A DAY OF ACTIVITY and already at the front door of the hotel garden, the well known “Buona sera” is heard. It is up to each one to choose social time together during the evening, perhaps in some favorite restaurant or inside the hotel, or to spend time alone. Both alternatives are respected.

Sometimes the balcony is a cosy alternative, together only with the husband! It is a real good life, the life in Terracina! Saluti/ Lizzie Gerd Janson (070 3277784)
